FOOTBRIDGE CAUSES SUIT.
 Guilford Woman's Alleged Injuries
 There May Cost the City \$4,000.

At the last city meeting, when the appropriations for the year were voted the plans of the board of aldermen to put new plank on the footbridge over the Willimantic river from Main street to Pleasant street were curtailed by cutting down the amount devoted to that project. It has been stated since that those plans contemplated the more secure fastening of the plank to the timbers of the bridge, or some method of doing away with the looseness noticed by all who use the bridge.

Attention was called to this fact Saturday, when legal papers were served upon both the town and city there in a suit brought by Mrs. Harriet Oliver of Guilford for injuries claimed to have been received on the evening of Jan. 2, 1914, from a fall sustained on the footbridge. She seeks \$2,500 damages, and her husband is suing for \$1,500 for loss of services. The case is returnable to the superior court for the county of New Haven on the first Tuesday in February.

The footbridge is under the sole control of the city, and it is likely that the city will be the only defendant in the action. If the case comes to trial, in the meantime, some of those who opposed the appropriation may come to see that a more substantial structure might have its advantages.

May Go Into Bankruptcy.
 It is reported that David P. Comtois, whose furniture store on Main street has been closed since Thursday night, after he had been given a week to raise about \$1,500 of indebtedness, will go into bankruptcy. Unless there is much more coming than is generally surmised, it seems as if the creditors would fare well even under such a condition, as he has a good stock and his books show large amounts outstanding.

New Quarters for Willimantic Lodge.
 Willimantic lodge, No. 1311, B. P. O. E. which has been occupying quarters in the K. of P. hall, has made arrangements to use the rooms known as Old Fellows hall, No. 802 Main street, in the future. Better facilities for the social side of the order is said to be responsible for the change.

December Mortality.
 "According to the returns in the office of the town clerk there were 15 deaths in December, from the following causes: Heart disease 4, pneumonia 3, influenza 2, tuberculosis 1, cancer 1, stroke 1, and other causes 3.
